From time to time the club may wish to take Photographs of swimmers for publicity purposes for the local newspaper or display them on the club website. The club where possible will not undertake the use of shots of swimmers in swimwear. Swim England recommends that such photos do not identify swimmers by name, however the newspaper may request such information for editorial purposes. The club may on occasions take videos of swimmers training using the clubs underwater camera, such videos will only be used for training analysis and feedback, the footage is discussed at the time of the recording and thereafter subsequently deleted.

## Additional Information Parents and Over 18's

Chorley Marlins is run by a group of volunteers, of which most are parents of swimmers at the club. Without these volunteers the club would cease to exist. The Chorley Marlins website holds more information on the different roles and responsibilities within the club and how you may be able to help, please visit the volunteers page, if you feel you can spare a little time each week and would like to get involved, if you could please provide us with a little information about yourself by answering the following questions. Thank-you

In what area would you be most interested in volunteering? (eg committee, on poolside, fundraising etc)

Do you have any particular skills or experience that you feel could help be of assistance or of benefit to the club

Do you hold current qualifications in coaching sports? If so, in which sport and at what level?

Different roles within the club demand different amounts of time devoting to them, what amount of time do you feel you could commit to the club each week?
